

Hong Kong Cyber Security New Generation

Capture the Flag Challenge 2020

Webinar and Award Presentation Ceremony

Free Webinar

13 November 2020,
14:30 - 17:30

Online Broadcast

Cantonese and English

General public,
Education sector, SMEs

Cyber Security is increasingly important in this ever changing world. It's time for us to join hands together to groom our energetic next generation to take part in the security workforce to protect our future. HKPC and HKCERT, together with six co-organisers in education and cyber security industries have organised the "Hong Kong Cyber Security New Generation Capture the Flag (CTF) Challenge 2020" Contest.

On 13 November, we will present the awards to the winning teams. In the same venue, we have invited experts to share their views on security outlook after the pandemic, how to apply CTF and security principles in daily life, and available training programmes for youngsters.

Objectives

Want to get the insight of Cyber Security outlook after the pandemic, and know what is the "Capture the Flag" (CTF) in the cyber security world? Let's join this webinar to learn the followings and to congratulate the young award winners of our CTF contest!

- The expanding attack surfaces after COVID-19
- AWS DevSecOps & Implementation roadmap and Cybersecurity Specialist Badges
- How to practise CTF spirit in daily life
- Introduction to CTF and the career path of cyber security
