

Beware of Email Scam

Enhance the security of email system of your company to guard against cyber attacks.

CONFIRMED

Enhance information security awareness of your staff, and do not transfer funds to accounts yet to be verified.

Stay vigilant of any suspicious emails, and do not click on links or download files from unknown sources in emails.

Establish a multi-layered approval mechanism specifying the work procedures of staff at all levels in order to verify the identity of the recipient of funds and the genuine purpose of remittance.

Both parties of a transaction should confirm the remittance information through various means such as confirming details of the transaction account and recipient via phone.
